Electronic Onboarding

With today's ever evolving technology, manual onboarding is no longer an efficient way to hire new employees. Our E-Onboarding solution eliminates the paper process and provides automated technology allowing you more time to manage your workforce.

Customizable Forms

The IncentiMax™ E-Onboarding solution offers standard and customizable forms and distribution management which includes; company/location or job specific forms such as direct deposit, employee handbooks, background check forms, W4 and company policy forms.

I9 Functionality

The IncentiMax™ E-Onboarding system solution has complete electronic I9 functionality which allows you to archive, retain, re-verify, search and retrieve forms as necessary while providing the compliant state and federal audit trail and e-signature requirements.

Data & System Security

IncentiMax™ provides a SECURE process for Document Submission and Data Storage. Data security and overall system availability are vital components to any successful outsourced application hosting service.
